

CALIFORNIA GOODNESS *what sets us apart*

California table grape growers and farmworkers are passionate about their work.

Click the link below to hear Consuelo Angulo and Gustavo Cisneros-Cisneros, California table grape farmworkers who have worked in a Coachella Valley vineyard for more than 45 and 25 years respectively, talk about what sets California grapes apart from the rest.

Your choice to stock and promote California grapes supports growers, farmworkers, their families, and the rural communities in which they live.

Choose California Goodness. Your support matters.
